

Let's Learn KENTUCKY

LetsLearnKY.org

Read together

Read with your child every day, even if only for a few minutes - it can boost vocabulary and reading skills!

Talk together

Engaging your child in conversation makes a big difference in language and literacy development!

Count together

Make counting a fun part of your day. Regular practice builds a foundation for understanding numbers!

Play together

Play is an important part of healthy brain development - children learn to engage with the world around them!

Move together

Physical movement doesn't just help children's bodies grow strong, it helps their brains too!

Connect together

Early relationships and connection are the building blocks for healthy growth and development!

KET
EDUCATION

Raising Readers in Kentucky

Raising Readers in Kentucky helps families make reading part of everyday life. Aligned with the books children receive from Dolly Parton's Imagination Library, the free activity sheets provide simple reading strategies to encourage parents and caregivers to engage with their children through reading, creative play and exploration. Each activity sheet includes hands-on ideas to help you connect with trusted content from **Let's Learn Kentucky**, **PBS KIDS** and **Sesame Workshop**.

Each activity sheet provides opportunities for families to **READ, PLAY, SHARE, and EXPLORE!**

PLAY

Play is how children learn best! These activities let kids move, create, and pretend, which helps their brains grow through fun, hands-on experiences.

READ

Reading isn't just about words on a page — it's a chance to talk, wonder, and ask questions. Children build language skills and connect the story to their own lives.

SHARE

Sharing is about talking and connecting. These resources help build confidence and provide encouraging words as you support your child's growth and development.

EXPLORE

Keep the learning going! Whether it's a game, video, or activity, children get to practice new skills in different ways and discover even more about themselves and the world.

Together, these activities support your child's imagination, knowledge, and self-confidence.
